2013-14

SAT Fee-Waiver Directory of Colleges

ABOUT THIS PUBLICATION

The colleges and universities listed in this publication are cooperating with the College Board SAT® Fee-Waiver Service.

- Students who use fee waivers for the SAT or SAT Subject Tests™ and plan to enter college in the 2014-15 academic year are eligible to receive up to four Request for Waiver of College Application Fee forms. Only students eligible for fee waivers who have used SAT fee waivers or have participated in a state- or district-sponsored SAT administration can use these forms.
- Some of the institutions listed do not charge application fees. Those that do charge fees and are listed here have agreed to consider waiving the application fee for applicants who have used SAT fee waivers during high school.
- Institutions listed in this publication are not obligated to waive their application fees, and some may require additional information before considering or granting an application fee waiver.
- Students should send Request for Waiver of College Application Fee forms only to institutions included in this publication.

About the College Board

The College Board is a mission-driven not-for-profit organization that connects students to college success and opportunity. Founded in 1900, the College Board was created to expand access to higher education. Today, the membership association is made up of over 6,000 of the world's leading educational institutions and is dedicated to promoting excellence and equity in education. Each year, the College Board helps more than seven million students prepare for a successful transition to college through programs and services in college readiness and college success — including the SAT® and the Advanced Placement Program®. The organization also serves the education community through research and advocacy on behalf of students, educators and schools.

For further information, visit www.collegeboard.org.

List of Cooperating Colleges — 2013-14 SAT® Fee-Waiver Service

KEY:

- Member of the College Board.
- Does not charge application fees.
- ▲ Will consider waiving application fee for state residents only.

CALIFORNIA STATE UNIVERSITY SYSTEM

In case of financial hardship, the California State University system allows for a limited number of campus application fee waivers for residents of California only. When filing the online application via CSUMentor.edu, the fee waiver request is included in the online system as part of the application process. You will be notified at the time you apply online if you qualify for the fee waiver. Please note: Eligibility for application fee waivers is not equivalent to the College Board or Free and Reduced-Price Lunch Program criterion. Qualifying for a College Board Fee Waiver or the Free and Reduced-Price Lunch Program does NOT automatically qualify you for a CSU Application Fee Waiver.

OREGON PUBLIC UNIVERSITIES

The public four-year universities in Oregon accept the College Board's Request for Waiver of College Application Fee form for application fee deferral rather than waiving the fee. This deferral means that eligible students do not need to pay the fee at the time of application, but instead pay the fee upon enrollment.
